

# Regupol (Australia) Pty Ltd - Impact Sound Solutions

"GOOD  
ENVIRONMENTAL  
CHOICE  
Certified Product"

REGUPOL'S Impact Sound Acoustic Underlays are the key to achieving an undisturbed living and working environment. Under traditional floor coverings like tiles, timber and carpet it provides reliable protection against noise transference.

Regupol's high performance acoustic underlay's are 'Good Environmental Choice' certified products which deliver high tensile strength and exceptional acoustic performance at very low construction heights.

With decades of experience Regupol have continued to improve the system by introducing a range of Green Star approved adhesives and the Morgan range of quality One Part Tile Adhesives and grouts, making the specification process easier.
