## Wrestling Mats

Dimensions and designs in line with international standards. The mats are applicable for both training and competition. The mats consist of a compound foam body, which is bound with brown artificial leather. The base is optionally laminated with a non-slip waffle synthetic material or needle felt.

To complete the range of surfaces for wrestling we supply tarpaulin made of high-tensile PVC Trevira mesh either with folding edges for mats with slip-resistant bases or Velcro fasteners for mats with bases made of needle felt.
